Art Unit: 2133

DETAILED ACTION

1. Applicant's request for reconsideration filed on 11/12/2004 has been reviewed.
2. The amendment filed on 11/12/2004 has been entered (including amended title of the application, amended claims 1-30, amended specification, revised figures 1, 7 and a verified English-language translation of the Japanese priority application document).

Conclusion

3. This application is in condition for allowance except for the following formal matters:

Priority

4. The examiner acknowledges the receipt of the verified English-language translation of the priority application Japanese Patent Application No. 9-360863. The examiner would like to point out that in the Declaration and Power of Attorney document, the priority was claimed for a different Japanese Patent Application No. 11-68407 filed March 15, 1999. Appropriate correction is required.

Drawings

5. The drawings are objected to because the replacement figures 1 and 7 submitted on 11/12/2004 do not have "Replacement Sheet" label in the top margin. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and

Art Unit: 2133

informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

6. Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
